Hi Susan,

We actually are planning our own meeting on August 5th as an open house/ availability meeting. I'm heading out of town Wednesday and pretty booked up tomorrow but I will try to give you a call and fill you in on the details.

Can you please comment on whether or not EPA will present “their side” on the clean up issues? As you know, CFAC/Glencore attorney, former EPA, presented the Glencore information, or side. Will EPA present info at the August 13<sup>th</sup> meeting?

Thanks,

Susan
